# Seven Golden Rules

## for Prospecting

**1. Obtain a Miner's Right permit**  
when prospecting on vacant Crown land (\$25 from any Mining Registrar's office).

**2. Put safety first**

- Make sure you have enough water, fuel, maps and first aid supplies.
- Give serious consideration to taking some form of telecommunications and a global positioning system to fix locations, and a Personal Locator Beacon (PLB) – it may turn out to be your most important safety device.

**3. Obtain a 40E permit**  
prior to prospecting within an exploration tenement (if you don't have written permission from the tenement holder).

**4. Get written permission**  
from the tenement holder when prospecting on:

- a mining lease
- an exploration licence (if you don't have a 40E permit)
- a prospecting licence

**5. Comply with all legal requirements**  
when prospecting on a pastoral lease. You cannot prospect within 100 metres of any occupied building or within 400 metres of any livestock watering point without the consent of the pastoralist.

**6. Show respect when on Crown land**  
because it is used by other people or set aside for many purposes.

**7. Fill any holes**  
that you dug and repair ground that has been disturbed.

**DID YOU KNOW** ... that the maximum penalty for an individual prospecting illegally is \$150,000

- For more information about prospecting, please visit your nearest Mining Registrar's office to obtain a copy of *Prospecting in Western Australia* or download it from: [www.dmp.wa.gov.au/prospectingwa](http://www.dmp.wa.gov.au/prospectingwa)

# EDITORS CORNER

Hello Cuemunity,

Until further notice the Cue CRC will have the new opening hours of 9.00am to 4.00pm, Monday to Friday.

We say goodbye to Jess, as she decided to resign from her position here at the CRC, so we are looking for a new employee ...details on the next page.

## JUNE AT THE CRC

Those of you who have been coming to our morning teas of Friday know that we are having some yummy desserts, I'm trying a different things each week. We've had pastry cones filled with cream and custard, lemon cheesecake, and yes I had a lazy day one week and bought cakes from the café. And did I cop some flack for that? But every week is enjoyable, having a cuppa, cake and a chat with some lovely people.

The CRC hosted a Sausage Sizzle for the tourist park on the 24th June which turned out great. As it was the first one of the season we weren't expecting a huge turnout, but with about 50 guests we were very happy. The CRC greatly appreciates and thanks those of you who volunteered to help with the event and the donations from the guests attending was outstanding.

## WHAT'S NEW

We are starting an evening sewing for charity group. We're going to making developmental hearts to start off with. Developmental Hearts are fabric hearts worn against the parents skin so that the fabric absorbs the parents scent and then put on the baby, so they can get used to the scent of their parents.

# FROM THE CEO

While I have officially returned to work from annual leave, I am currently still in Launceston with my family, working from home. I had delayed my return to WA in the hope that the hard border restriction would be lifted in time to avoid quarantine requirements on my return, however developments in Victoria spoiled those plans. I will now be returning to WA on 10 July where I will be required to self-isolate at home for 14 days before I can return to the office.

Meanwhile, in Cue, the “new normal” is beginning to take shape. All Shire facilities have now been reopened, with appropriate COVID-safe plans in place for the protection of patrons. The photographic display in the admin building is open to the public and all playgrounds and outdoor facilities are able to be used.

The Cue Tourist Park is busy with our regular guests returning to the park and a consistent flow of travellers passing through and stopping for a look at our historic town. Later this month we are expecting Australian country music superstar, Adam Brand, and his family to arrive at the park for a new adventure, *Road to Gold*. While Adam’s music career is on hold due to the impact of the COVID-19 pandemic, he will try his luck at making a living prospecting for gold, documenting his efforts on his YouTube channel and Facebook to over 100,000 followers. When asked why he is going to these extreme measures he answers, “I have lost my livelihood the same way thousands of other Aussies have, but we can’t give up! Having the courage to roll the dice and try something completely different is the only way I see us getting through these troubled times. I’m going to do whatever it takes to provide for my family. I also hope that I might be able to inspire some others to not give up and keep on fighting”

Just like chasing a musical dream the *Road to Gold* can bring heartbreak, pure elation or both. Will Adam find gold and steer his family through this uneasy time in our history, or will it be another bumpy track he is leading them down? One thing for sure is, and in his own words from one of his songs, “I aint gonna die wondering.”

Works are continuing on the refurbishment of the old Railway Station building, which is being restored and repurposed as a Youth and Community Centre, with assistance from Lotterywest. The stonemason has removed all the old paint from the exterior of the stonework, and it has already begun transforming the building. Repairs to the stonework will be followed by re-pointing of the joints. Inside, restoration works have commenced with the timber work being stripped back and repaired and the window frames being sent away for re-glazing. The Shire is excited to be breathing new life into this significant heritage building for the benefit of the community.

Barefoot bowls initially recommenced on Saturday evenings, however low numbers participating suggested that the dark, cold and competition from footy on the TV meant that bowling is probably not top of the list of things to do on a Saturday night. A new winter timeslot of 1pm on Sundays will hopefully be more attractive. Everybody is welcome, with plenty of bowls available for those who do not have their own.

Keep an eye out for more details of the Murchison Youth Sports Carnival to be held in Cue on Wednesday 15 July. The Stephen Michael Foundation will be conducting supervised sports activities at the town oval for boys and girls aged 8-17.

At the June Council meeting, Councillors agreed to set fees and charges for the 2020/21 financial year, with the exception of one, at the same level as 2019/20 in recognition of the economic impact of COVID-19 on the general community. Burial fees at the Cue Cemetery will increase slightly, to help offset the current cost of digging a grave, as this amount is not fully recovered by the charge.

Council has already decided to set the 2020/21 budget on the basis that the total amount of rates assessed will be the same as the previous financial year. This effectively means a nil rate increase for the Shire overall, however individual properties will be affected differently, depending on movements in revised valuations to Unimproved Properties recently provided by the Valuer General. Rate notices will not be sent until later in the year when the 2020/21 budget is adopted, however if you have a question about your rates, or the rating system in general I am happy to take your call.

# POLICE BEAT

## Traffic

G'day good people of Cue. As per usual we hope this edition finds everyone in our Cuemunity in good health bearing in mind the situation the country still finds itself in with regards the impact Coronavirus has had on us as a nation and the devastation to lives and livelihoods.

Now that the internal borders have been pulled down, we Cue Police are back to conducting a 'business as usual' approach. We are now back conducting RBT's, drug detection and our continued highway presence north and south of Cue.

We still get more than a fair share of the speeders for some bizarre reason. Despite Cue Police's core business being the Policing of our highway's, it's becoming as easy as finding a lit torch on a dark night and just baffles the hell outta me. There's obviously a genuine lack of care with some or maybe the some are just paid too much and are looking for a way to donate to the government indirectly.

It is pleasing to see all the tourists back on the road again after the enforced "open prison" regime we all shared in our varying areas, albeit all for the greater good.

It is always good to be able to travel where we like in our fair state and rightly so. It is also very pleasing to see most caravanner's doing the right thing and complying with all traffic regulations, road rules and standards.

Please all be mindful that when towing the speed on the open road is 100 kph. People tend to be of the mindset that going at 110 kph is the acceptable standard, however the issuing of a traffic infringement kinda tells a different story!

## Crime

Well done you good people of Cue for maintaining Cue's mantle as a safe and friendly town in which to come visit and even stop over, during your commuting around the state.

This will be partly created with the help of our parents in town, doing their bit to occupy and keep their children on the right path.

I keep mentioning that the way forward IS without doubt a good education. We can't all be rocket scientists but the ability to read, write and count our wages/pocket money properly is and will remain an integral part of your lives.

That said with the impending school holiday's looming, let's keep on top of things and maintain the parenting. Always make sure you know where your kids are and what they are up to and let everyone enjoy your holidays too.

As a final note on the Crime section, can I please reiterate how important it is not to become too complacent with regards the securing of your property. If someone wants your property more than you do then it will become a target.

Unlike a recent stealing of a motor vehicle in Perth, that was taken for a long joy ride by a group of kids and trashed along the way, please don't think it's ok to leave your car running whilst you pop into the shop quickly, because quickly is enough time for your car to be stolen.

## **Community Policing**

As members of the Cuemunity it is very pleasing to see residents, on the whole, comply with and do their best for themselves and others in town. I want to put a shout out of 'respect' to the vollies who continue training in their own time and continue answering your phone for those dreaded call outs. Well done you.

I have not been yet but I am under the belief the social bowls are back and normally take place on a Saturday night at the Shire recreation hall.

# School Open Afternoon

We had a very successful School Open Day on Thursday last week. Thank you to the parents and grandparents who attended, as well as Ruth and Julie.

Everyone enjoyed a tour of the school and a lovely sausage sizzle cooked to perfection by Mr Geoff. We also participated in drumming, face painting and fun physical activities on the oval.

Miss Dani awarded all of the students with a personalised award for the Term and Jayziah was awarded the Chaplain Award for his excellent participation.

**School returns on

- See you there for a  
Terrific Term 3**

## Design and Technologies

In the Design and Technologies Learning Area, we made a pirate ship using recycled materials. We linked this to an Auslan lesson in which they learnt pirate related signs from a book.

## Scarecrows for our Healthy Garden

We designed two scarecrows to keep our new vegetable seedlings safe from the birds. We wanted our scarecrows to be clowns. One was meant to look like "It the Clown" and the other one a funny one. We all think that they both look kind of scary though.

## RAILWAY STATION REFURBISHMENT

As many observant locals have noticed, we have commenced work on the Railway Station building. To date we have stripped out the old shower stalls, removed all the paint of the outside stone work and taken out the window sashes to be sent to Perth for repairs. The builders have also stripped the paint off the window sills and doors.

Work is progressing at a reasonable rate, with the render on the outside of the building already repaired through the court yard on the platform side. The building will also see a new colour scheme on the outside of the building, so look out for that!

We have had some discoveries during the demolition of the intrusive elements in the Station. Under the 100mm of concrete in the small rooms at the northern end of the building (the ladies ablutions), we found there was an original concrete floor with a cement dado around the edges. So instead of putting a timber floor in, we will polish up the concrete and leave it as it was 120 years ago. We also knocked through to the old fireplace in the ladies waiting room and found an old bit of railway line and some small concrete fixtures, so we will find a way to display them as part of the interpretation of the building. In the roof cavity we found the side of a spool of electric cabling from around the 1920's or 1930's by Craigpeak Electric Cabling Company in Glasgow, Scotland.

We have around 8 weeks more work until completion, so look out for further updates on the buildings progress! A big thanks to our major support Lotterywest, for their funding of this project.

## Big Bell

When Michael's Mum, (Joan Bogerd nee Blacklock/Houston), passed away in January 2016, aged 84 years old, Michael had to go through all his Mums paperwork. He then came across a book on Big Bell and the last reunion 29/8/09, which his Mum had previously spoken about many times over the years, of her fond memories, friendship and community spirit in the towns of Big Bell and Cue.

After reading the book, and eventually working out each family residential location from the information they had, Michael and Susan Houston, then decided to make a visit to Big Bell town site in 2018 to locate the two sites. Driving from Perth to Cue, they then visited the Big Bell town site, and came across some of the informative signage, which was on the history of Big Bell. With map in hand and a lot of circle work; triple checking the locations, they eventually found each of Michael's families' residential addresses.

As he stood at the foot of each house pad location, and from the many family photos in hand, Michael felt an overwhelming connection to his families past. He then contacted the Shire of Cue for permission to erect some informative family signs for the Blacklock and Houston families' history.

Finally, to have some acknowledgement for his Mum and Dad and Grandparents, both signs were erected on 17/6/20 at each location, by Michael Houston.

Teena & Bob

Christina & Bob Blacklock took up residence in Big Bell in 1938 with two children, Joan & Sydney. Bob was a fitter and maintained the Power House. Christina was a loving, caring mother and housewife. Their children, Joan and Sydney went to school in Big Bell until May 1943, when World War 11 was declared, and Bob was drafted into the Airforce and posted to Tocumwal NSW Airforce Base.

During that time Christina, Joan and Sydney moved back to the big smoke and they took up residence in Armadale with other family.

When Bob returned home from the war in 1946, the Blacklock family decided to return back to Big Bell, where they had fond memories of friendship and community spirit.

Years later, Joan married Bill William Houston on the 10th April 1952, and moved to 60 Pitt Street, Big Bell (one street away).

Joan and her mother Christina, were keen hockey players in Big Bell for many years and enjoyed going to Perth by bus for Country Week with their team members.

They all remained in Big Bell until closure of the mine on 22nd February 1955.

Whilst living in Big Bell, Sydney worked as an Electrical Trades Assistant and then later took up an Electrical apprenticeship when he relocated to Bullfinch. The Houston families moved onto Bullfinch Copperhead Gold Mine, near Southern Cross and remained there until its closure in 1963. Both families then moved back to Perth.

# Hon Robin Scott MLC

## Member for Mining and Pastoral Region

***I am the VOICE for YOUR thoughts!***

For those of you that don't know me I am Hon Robin Scott MLC. I was sworn in on 22 May 2017 as a Member of the Legislative Council of Western Australia, representing Mining and Pastoral Region for Pauline Hanson's One Nation.

I would like to start by saying for the past thirty years I have been interested in politics, and just like you I have been forced to vote at every election for the best of a bad bunch. Being a father of two and grandfather of six it motivated me to maximize my contribution as a parliamentarian. I'm here for the people of my electorate not the people of the house. I am here help repair our political system, defend our Australian way of life and maximize opportunities for fellow West Australians. The major parties have condoned the deterioration of our manufacturing industries and are slowly strangling our mining, agriculture and pastoral industries. We have every natural resource the world wants and we still can't eliminate poverty in Australia, due to poor management by politicians."

### ✓ Achievements

- ✓ **Blocked - The State Government's proposal to raise the gold royalty** - In 2017 I was Successful with the Disallowance Motion which defeated the Government's attempt to increase the Gold Royalty by 50%. Which I think is an absolutely fantastic win. I am determined to protect and promote mining and lead the defence against water charges for prospectors and small miners.
- ✓ **Granted - License for an MRI Machine in Kalgoorlie-Boulder** -Alongside Senator Georgiou we secured the Medicare license for the MRI machine in June 2018 after leading a strong advocacy campaign alongside WA One Nation. Although our town is still waiting for the MRI Machine i reassure you that I will continue to ask the question and update my electorate as to when we can expect it to be operating.
- ✓ **Granted - Funding for Palliative Care** - I accomplished a desired result with obtaining a multi-million-dollar funding injection for Palliative care in regional WA. I was disappointed to hear that the government had again let our people down with in the health department and knew that people deserved to die with dignity.
- ✓ **Blocked Removal of Education components with School of the air** - I won the fight with members of the cross bench when the state government proposed that they wanted to remove critical education components with School.

### My To Do List

- **Advocating the PHON plan to subsidise apprenticeships by 75% in the first year, 50% in the second year and 25% in the third year.**
- **Investigate unfair Native Title Claims**
- **Create Suitable accommodation in regional towns for remote community visitors.**
- **Continue to follow up on the current status of the MRI machine for the Kalgoorlie Health Campus.**
- **Begin the construction on the Kimberly Water Pipelines.**
- **Bring Royalties for Regions back to Regional WA.**
- **Continue to push for the Wiluna to Meekatharra road to be sealed.**

# POP UP TAX SHOP

# SEWING FOR CHARITY

MONDAY

5.30pm

starting 13th July

The Cue CRC is starting a group to sew for charity.

We'll be making Developmental Hearts and gowns and t-shirts for the NICU. Once made items will be sent to Tiny Sparks WA, who then donates them to the Neo-Natal units in WA.

Everyone is welcome and you don't have to be a sewer to donate your time. You can help by cutting out, ironing or even washing fabric before use.

If you can't donate your time, we would appreciate donations of any kind. We need 100% cotton fabric for the NICU gowns & t-shirts, and cotton or flannel fabric for the hearts.

Please contact the Cue CRC for more information.

# IT CAN'T DRIVE ITSELF.

**SUPPORT THE AMBULANCE SERVICE IN YOUR  
COMMUNITY, VOLUNTEER TODAY.**

**WHY VOLUNTEER?** By donating your time you can make a real difference and give something back to your community. Not only do you get the satisfaction of helping others, but you also gain important skills and experience. No matter what your motivation, being a St John Ambulance Volunteer is a great way to get involved in your community and help change lives.

**WHAT'S INVOLVED?** Driving ambulances, transporting patients, providing first aid or helping out with administration are just a few of the roles when you volunteer with St John Ambulance. As a volunteer you will be supported every step of the way and given all the training necessary to fulfill your role. Training is conducted to a level at which you feel comfortable, confident and ready to assist.

For more information on volunteering with us call St John Ambulance  
Cue Sub Centre on 0418 382 303 Monday to Friday 9am – 3pm.

## CAULIFLOWER MAC AND CHEESE

### INGREDIENTS

150g macaroni	1 cup mozzarella cheese
1 small cauliflower, cut into florets	1/4 cup chives, chopped
2 cups milk	150g ciabatta or turkish bread, torn into pieces
1/4 cup plain flour	60g soft margarine, extra., melted
1/4 tsp ground nutmeg	1 garlic clove, crushed
1 cup shredded tasty cheese	

### METHOD

#### STEP 1.

Preheat oven to 200C. Grease a 10 cup ovenproof dish. Cook pasta in a large saucepan of boiling water for 3 minutes. Add the cauliflower and cook for a further 8 to 10 minutes or until pasta is al dente and cauliflower is tender. Drain. Return to pan.

#### STEP 2.

Meanwhile, combine the milk, spread, flour and nutmeg in a medium saucepan over medium heat. Cook, whisking constantly, for 4 to 5 minutes or until the mixture boils and thickens. Season. Combine the tasty cheese and the mozzarella in a large bowl.

#### STEP 3.

Add the sauce, half the chives and half the cheese mixture to pasta mixture. Stir gently to combine. Pour into prepared dish. Toss the bread, extra spread, garlic and remaining chives and cheese mixture in a medium bowl. Sprinkle over the pasta. Bake for 15 to 20 minutes or until golden.

## CHEAT'S MANGO, CHEESECAKE DESSERT CUPS

### INGREDIENTS

250g cream cheese, at room temperature  
1 cup thickened cream  
125ml double cream  
1/4 cup caster sugar  
1 lemon, rind finely grated

1 tablespoon lemon juice  
1 small mango, peeled, thinly sliced  
Passionfruit pulp, to serve  
mint leaves, to serve  
edible flowers, optional

### METHOD

#### STEP 1.

Beat cream cheese in a bowl until smooth. Add thickened cream, double cream, sugar and lemon rind. Beat for 2 to 3 minutes, until thick and creamy. Stir through lemon juice until combined.

#### STEP 2.

Dollop some of the cream cheese mixture in the base of the four 250ml glasses. Top with sliced mango. Continue layering and finish with mango slices. Top with passionfruit pulp, mint leaves and edible flowers, if you like.
