CUE CRC

Hi All,

In March we had Department of Transport visit on the 21st and a COVID information session on the 8th hosted by the Cue Seniors, with Fiona from the Nursing Post speaking.

Unfortunately we had to cancel our Twilight Markets, due to various reasons—but it was a rainy night anyway.

Services Australia visited on the 31st and helped out quite a few customers.

In April we have Evan Ayres and the Swing Kings doing a concert at the CRC, sponsored by the Shire of Cue and the Cue CRC. There will be 3 hours of some great music and a FREE sausage sizzle, it is a BYO event so don't forget to bring your drinks along.

The Cue CRC will be closed on the 15th April for Good Friday, the 18th April for Easter Monday and the 25th April for ANZAC Day—don't forget to go to the ANZAC Day service hosted by the Shire.

Department of Transport will be on a Tuesday this month, due to Easter Monday being a public holiday. So for any DOT enquiries please visit the CRC on Tuesday 19th April from 1.00pm.

We at the Cue CRC, hopes everyone has a safe and happy Easter break.

Julie Humphreys

WE ARE HIRING

CUE HERITAGE DISCOVERY CENTRE & CUE COMMUNITY & VISITOR CENTRE

Has a casual position open for someone who has great customer service skills, is computer literate and has some knowledge of Cue and the surrounding areas. An applicant with weekend availability will be looked upon favourably.

To apply for the position please drop your resume off to Julie at the Cue Community Resource Centre or email to:
info@cuecrc.net.au

FROM THE CEO

The ANZAC Day memorial service will be held on Monday 25 April from 5.45am at Arthur Stanley Memorial Park. This will be followed by breakfast at the Murchison Club Hotel.

The month of April represents the start of the busy season for Cue with an increase in visitors, travelers and prospectors into the region. A big welcome or welcome back to Cue for all our visitors, we hope you enjoy your time here and enjoy everything Cue has to offer.

The past month has seen our first COVID cases in Cue and it is a reminder of the importance of using masks and practicing social distancing as well as good hygiene to minimise transmission within the community. The Department of Communities and the Shire of Cue Community Development Officer did a fantastic job of visiting homes in Cue to provide RATS tests and welfare checks on the community, thank you for your efforts it is appreciated. The Shire of Cue will continue to put practices in place to separate staff and maintain services where possible. Customers requiring Shire services are asked to be patient and follow protocols where necessary.

WA Country Health Service will be holding Vaccination Clinics in Cue regularly and will be at the town hall on Wednesday 6 April and Wednesday 27 April 2022 for anyone to receive a vaccination or booster, no appointment is necessary. It is expected that more clinics will be held throughout the year, currently on Wednesday's and three weeks apart to administer vaccinations.

The Shire has experienced high rainfall recently which has affected local roads with water over the road and soft shoulders. Please check road conditions daily before travelling on roads in the district. Care should be taken on all roads throughout the Shire, particularly at floodways. Please keep in mind that workers and machinery may be encountered on any of the Shire's roads at this time and observe speed limits and traffic directions posted through road works. This time of year is known for random storms and flooding in isolated parts of the Shire. Strong winds can cause damage and all residents of Cue are asked to secure loose items and dispose of unwanted clutter to reduce the risk of causing damage.

Rain and warm weather also mean prime mosquito breeding conditions. The fogger will be out intermittently, when conditions are suitable, just before dusk to control their numbers.

The final audit report for the 2020 – 2021 financial year is still with the Office of the Auditor General. Once completed, the Shire of Cue 2020-2021 Annual Report will be presented to Council for adoption and made available in the public documents section on the Shire's website. The date for the Annual Electors Meeting will be determined at the time of adoption and advertised in a public notice.

Dog owners are reminded of their obligations to keep their dogs contained within the boundaries of their property or on a leash while walking. The Shire Ranger visits the area frequently and will take action to seize dogs that are found wandering in the street. This may result in a financial penalty to the owner and potential destruction of offending animals. The only authorised area within the town-site where dogs are permitted to be exercised off-leash is the town oval.

Upcoming events:

- April 25 – ANZAC Day
- May 20 – Thank a Volunteer Day

I wish you all a safe and happy Easter.

Richard Towell
Chief Executive Officer, Shire of Cue

Next ordinary Council meeting - 6:30pm Tuesday 26 April 2022

PUBLIC NOTICE

Proposed lease of Lot 593 Heydon Place, Cue.

In accordance with section 3.58(3) and (4) of the Local Government Act 1995, notice is hereby given that the Shire of Cue proposes the following disposition.

- Lease of the Shire owned industrial property located at Lot 593 Heydon Place, Cue to ELS Mechanical Services. The proposed lease is for one year with the option of extending for two one-year periods at the discretion of the parties. Rental for the property is proposed at \$18,200 per annum or \$350 per week. Council has Declared the fair value of \$345,000 attributed to the property from the revaluation carried out at 30 June 2021, as a true indication of the current market value of the property for the purpose of satisfying section 3.58(4)(c)(ii) of the Local Government Act 1995.

Submissions are invited with respect to the proposed disposition. All written submissions should be forwarded to the Shire of Cue - PO Box 84 Cue, WA 6640 by 4.00pm on 20 April 2022.

Richard Towell
Chief Executive Officer

Pulse oximeter

What you need to know!

- Are you non-Aboriginal and over 65?
- Are you Aboriginal and over 50?
- Are you pregnant?

If you answered YES to any of the above – collect a free pulse oximeter from your local government today!

What is a pulse oximeter?

It is a small, peg-like device that clips onto your fingertip to read your heart rate and blood oxygen level. It takes only one minute to work, is reusable and can be shared between other people in your household.

Why do I need one?

If you become COVID-19 positive, you may need to be remotely monitored through the WA COVID Care at Home program. By having a pulse oximeter already in your home, a health professional can assess you and provide health advice from the comfort of your home.

Visit [WA COVID Care at Home](#) for more information.

Where do I get one?

Visit your local government to collect a free pulse oximeter for you and your household (each eligible household will receive one pulse oximeter).

Do **not** pick up a pulse oximeter if you are already COVID-19 positive. If you have already received a positive COVID-19 test result, the Department of Health will contact you and provide further information.

Visit [COVID-19 \(coronavirus\) \(healthywa.wa.gov.au\)](#) for more information.

This document can be made available in alternative formats on request for a person with disability.

ANZAC DAY

Lest We Forget

They shall grow not old, as we that are left
grow old; Age shall not weary them, nor the
years condemn. At the going down of the
sun and in the morning, we will remember
them

POLICE BEAT

Hello Cue

Well another month has flown by which started with a quick visit to Perth for my wife and I to see the kids ending up taking a week longer because we caught Covid 19 from our youngest son (we think from a basketball game) and copped a week in ISO – what a treat. Last month I carried on about isolation means staying at home and having done it, I know it's not much fun but it is for the good of all your friends and family. Stay Home and Isolate if you have to.

The laws a bit funny around this and to make the whole thing simple to understand, the Law is assuming everyone knows when they are in ISO, so the old "No one told me" excuse won't wash. If the Doc, the Nurse or the Police tells you you're in ISO, you are. End of story.

My heads been spinning trying to keep up with all the law changes for Covid and who and what you need to do so let's apply the KISS principal. KEEP IT SIMPLE STUPID.

This is the Cue version:(hope there's no copyright to worry about)

- | | | |
|--|---|---|
| Geez, I'm crook as dog | = | Stay home |
| I think I've got Covid | = | Stay home and do a RAT |
| My RAT is positive | = | Stay Home for seven days. After that, if you're not crook, you can go out but MUST wear a mask indoors and outdoors for another 7 days. |
| It's been 7 days after my test and Geez I'm still bloody crook | = | stay home until you're not crook anymore. Maybe call the doctor for a chat. You still gotta wear a mask for another 7 days though afterwards. |

Someone I live with has Covid = It's a bad deal but you gotta stay home for 7 days too.

You know, I don't care, I'm going out anyway

= A lazy grand fine to the state daddy Mark McGowan and if you're a bit thick and do it twice, time for some new jewelry and one way trip to the Meekatharra lock-up. I'll even play you the song.

While we have had a few confirmed cases in Cue, I think we've been very lucky so far so I'd like to take the opportunity to thank the members of the Local Emergency Management Committee who have assisted with this Covid Emergency. I'd like to shout out the Shire of Cue and Westgold for being good corporate citizens and pitching in when required.

And to the people of Cue that are doing the right thing, staying home, wearing masks, using sanitizer, good for you. We ALL appreciate your efforts.

Hope you all have a good month and stay healthy.

Mark, Pete and Phil

Hi all,

It has been a busy and rewarding term with many activities for our students to learn through. Wes from Stephen Michaels Foundation continues to visit for sport sessions and the AFL Murchison Football league will be starting next term for a six week season on a Saturday. Our students were lucky enough to be invited to an interschool Swimming Carnival with Mount Magnet DHS in week 1. We had a wonderful day and came home with some champions.

A MASSIVE CONGRATULATIONS to
Yr5/6 runner up champion girl Oadessa
Yr 1/2 runner up champion girl Kamryn
Yr1/2 champion boy Zephaniah

For Harmony Day Cue Primary School hosted a luncheon. It was a lovely gathering to acknowledge the different cultures that make up the vibrant community of Cue. A special thank you to a former student, Nanna Naydene for the Welcome to Country and Gina for teaching us how to make Johnny cakes. Thank you to all who attended and contributed.

Pastor Geoff is also flying back into Cue Primary School each fortnight. The students love listening to the stories, singing songs and learning about value. Students continue to learn about our Cue Primary School virtues and receive points when they display these positive behaviours. Please feel free to call and let us know if our students show you one or more of these virtues.

Some of the Dojo rewards: 50 points - Ice cream or slushie: Congratulations Xzandier, Marlyn, Rihanna, Jayziah and Oadessa. 100 points - hot chips for lunch - Congratulations Kelia

Respect

Resilience

Responsibility

Also students went out and about in Cue as part of our health program meeting members of the Cue community that could help them if they need. Thank you to the Nursing Post, Police Station, CRC, Shire Offices, Queen of the Murchison and the Roadhouse. The health program includes cooking with Ms Marsie. Students learn to cook healthy food, as well as special baked items for community members.

Attendance at Cue Primary School this term has been amazing considering all we have had to contend with. Keep it up everyone and don't forget to let Ms Adams or the Office know if you aren't coming to school. Every morning they have beaming smiles and can't wait to get to school.

Morning Walk about

Fun on the bicycles!

Harmony Day

Staff Profile: Claire Adams

Connection to the school: Principal

Favourite book: The Ancient Future Trilogy by Traci Harding

Who would play you in a movie about your life? Scarlett Johansson

What's the best thing you can cook? White Chocolate Mud Cake 😊

Any brothers or sisters? No.

Footy team.. Rugby Union - All Blacks!!

What law or rule do you think is the most important one for being respectful? Keep your hands and feet to yourself!

When have you had to be the most resilient? I have had to show resilience when I moved countries.

What is your greatest achievement? Hiking 150km through the Altai Tavan Bogd National Park, Mongolia and surviving a Canadian winter.

Name one person you really respect? Nelson Mandela

Tell us a Joke? Which program do Jedi use to open PDF files? Adobe Wan Kenobi 😊

Western Australian Bird Notes

Quarterly Newsletter of the Western Australian
Branch of BirdLife Australia

No. 168 December 2018

FEEDING BIRDS IN YOUR BACKYARD **PART 2**

Unnatural food weakens birds, it fills them up, taking away the need to hunt for their natural foods that maintain their health. They breed weak young if they pass our food onto their babies.

Feeding stations can increase aggression and stress as many birds try to feed together, which doesn't happen naturally. It can cause a concentration of food and large numbers of birds in one place can spread Psittacine beak and feather disease. Seed that is left out in the rain or in damp conditions rots, grows mould and introduces disease to the birds.

Feeding can also increase the number of feral or non-native birds and attract pests like rats, mice and cockroaches.

Seed placed in feeding stations suspended above the ground may seem like a sensible idea to stop unwanted pests. However unfavourable seed is cast out or accidentally spilled onto the ground. Birds are then attracted to the ground to feed and predated upon by cats and foxes.

Some species of birds will artificially increase in numbers when more food is available. Artificial food can make birds overweight due to the high quantities of fat that is present in processed food and meat. Raw meat is lacking in calcium and has high levels of phosphorus which contributes to dietary imbalance and severe deficiencies. Supplementary feeding of birds has been shown to cause some species to breed earlier and more often than they would naturally.

Native birds do not need extra food so artificial feeding is not necessary. Currawongs, kookaburras and ravens (omnivorous) that will eat anything are great opportunists. Increased numbers of these larger, more aggressive birds in many urban areas can be attributed to artificial feeding.

Currawongs and magpies have increased dramatically in numbers over time, forcing out smaller species from many areas. Currawongs, ravens, butcherbirds and laughing kookaburras (introduced into WA) also eat the eggs and chicks of small birds.

PLEASE CUT THE STRINGS of your face masks before throwing them in the bin. They are getting wrapped around birds and native animals.

Chris Tate

April

Fool's

Day

April Fools' Day is a notable day celebrated on April 1, when many people play practical jokes and hoaxes on each other. Jokesters often expose their actions by shouting "April Fool!" at the recipient.

The day received its name from the custom of playing practical jokes on this day - such as telling friends that their shoelaces are untied or sending them on so-called fools' errands.

In many countries newspapers and the other media participate in these pranks - for example, with false headlines or news stories.

Although the day has been observed for centuries, its true origins are unknown. However, the term April fool, for a victim of a prank on *April Fools' Day*, dates back to the 1600s.

Eduard de Dene's trick is one in which someone is assigned an errand to find a nonexistent object or person. This originated in 1561 and is still a popular April Fools' joke over 450 years later.

The First of April some do say
Is set apart for all Fool's Day
But why the people call it so
Nor I nor they themselves do know.

Get behind the wheel

Emergencies don't have working hours, that's why we need more volunteer Drivers. If you're looking for a way to help, and love getting behind the wheel, this is the role for you.

You'll help with patient transfers, inter-hospital moves and RFDS transfers. And while this is mainly a driver-only role, you will still receive the training you need to assist an Ambulance Officer in an emergency.

We always need help, so to see how people exactly like you can contribute head to stjohnchangelives.com.au or give our Community Paramedic Michelle Fyfe a call on 0437 681 562, or email Michelle.M.Fyfe@stjohnwa.com.au

Help keep your ambulance service strong in Cue.

Life goes on.
Volunteer with St John.
